It has been brought to my attention that the attached four plans relating to 24/01327/LBC and the association planning application 24/01326/FUL were not correctly uploaded to Oxford City Council's public website at the time the application was validated. This issue has now been rectified, but I thought it necessary to bring this to your attention directly, as a matter of urgency.

The current deadline for consultation responses is tomorrow (28th June). Given that this information has been missing from the public website until today, I would be happy to agree an extension to this deadline if necessary - please just get in touch with me about this by return email.
