

Repton Inspired Landscape Gardener Activity

Have you ever thought about the view and what you really see?
Use our landscape viewer and see if you can find out what's the Foreground, Middle Ground, Background and Horizon line.

Now create your own landscape using the mini red book and see how the Repton landscape would look over your design.

You will need :-

Landscape viewer (card with a cut out aperture)

Plain Paper or one of our mini red books

Pencils and crayons

How:-

Look at the landscape through the viewer

Draw your own landscape

Place the copy of Repton's design over yours and see the differences

What would you like to see in the landscape?
